CARNIVAL TICKETS WILL BE MADE TRANSFERABLE; PUT UP IN PACKETS

No season ticket books are to be given out this year for events during the Mid-Winter Carnival, but instead tickets will be issued in little packets, and will be transferable. This announcement was made today from the Carnival headquarters.

In years previous season tickets have not been transferable, and have thus caused a good bit of trouble to holders who wished to pass them on to friends or to other members of the family.

G. Fred Bush, chairman of the committee on tickets, has arranged for a series of maps to be drawn and published showing the location of the bleachers in each event with reference to the grounds and the performance. It is believed by the Carnival directors that this will be a big advantage in handling the crowds.

Prices for season tickets will be announced later. It was said today, but they will be at a reduction from the total price for all events.

Punahou students have generously volunteered to take care of the ushering this year in return for the loan of bleachers made to the school by the Carnival directors for athletic events during the past year.

Ticket selling and all ticket handling will be carried on by competent men who have had experience in making change.

As Waterfront Night is to be one of the big nights of the week, with practically a repetition of Edison night at the San Francisco exposition, the directors are especially anxious that the event shall go smoothly, and will arrange a special diagram of the waterfront with a description of bleachers, location of events and entrances.

EIGHT WOMEN ENTER CLASS TO BE NURSES

Plea for More Hawaiians Made
By Miss A. H. Collins, Who
is in Charge of School

With eight students in attendance, and with two others to enter probably this week, the training school for nurses established at the Queen's hospital by Miss A. H. Collins opened yesterday.

Those who have reported for the three-year course are Miss Lillian Condon, Miss Agnes Schurmann, Miss Fenella Miles, Miss Margaret Davenport and Miss Frances Van Gieson, Honolulu; Miss Mollie Thomas, Mrs. Laura H. Hills and Miss Nellie Campbell, Hawaii. The two other applicants, who are to complete the first class of 10 students, are expected to be heard from this week. Yesterday was given over to enrollments and general instructions. The work proper began today.

The ensuing three weeks will be a probational period for the students, during which time they will be taught elementary nursing. This will be followed by practical bedside work, including lectures by the physicians on the hospital staff. Five hours each day will be devoted to the actual training.

Planning Four Classes.
Those who take the course will be required to live at the hospital for three years. At the end of this time if a student successfully passes the examinations she will be entitled to a diploma and to practice as a trained nurse. Another class of 10 students will be started in three weeks. It is planned to have four classes of 10 students each.

Miss Collins announces that she is still receiving applications, and that she is anxious to see Hawaiian girls and women enter the classes. Thus far no Hawaiians have applied in spite of the fact that the school was started largely for their benefit.

Ten women on the mainland have applied for the course and, unless enough island girls join the school, Miss Collins says she will accept the coast applications. Island girls, however, are to be given the preference at all times.

Aside from her work with the nurses' school, Miss Collins has started a class for the Japanese employees at the hospital with a view to teaching them to become trained hospital workers. The class already is showing excellent results, she says.

THREE OF BLIND PIG OWNERS ADMIT GUILT; MUST PAY \$100 FINES

For selling liquor near Schofield Barracks, to which each of them pleaded guilty in the police court, S. E. Cassidy, H. McMahon and D. Marshall were each fined \$100 and costs yesterday by Judge Monsarrat.

The men were three of the 10 persons arrested January 12, when soldiers under Sgt. Matthews, acting on orders from headquarters, raided the places. Detective Rudolph Stein, Attorney Charles F. Chillingworth and license inspector W. F. Fennell planned the raid and gathered evidence.

Two Beautiful Calendars

Distinctly different and artistically better than any calendars we have seen. These two girl subjects from the brush of W. Haskell Coffin are so cleverly reproduced in eight colors that it is difficult to distinguish them from the original water color. Please let us send you this set. Enclose 5c. to cover wrapping and mailing cost.

BAD COLD? TAKE 'CASCARETS' FOR BOWELS TONIGHT

They're Fine! Liven Your Liver
and Bowels and Clear
Your Head

No Headache, Sour Stomach,
Bad Cold or Constipation
By Morning

Get a 10-cent box.

Colds—whether in the head or any part of the body—are quickly overcome by urging the liver to action and keeping the bowels free of poison. Take Cascarets tonight and you will wake up with a clear head and your cold will be gone. Cascarets work while you sleep; they cleanse and regulate the stomach, remove the sour, undigested food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

Remember the quickest way to get rid of colds is one or two Cascarets at night to cleanse the system. Get a 10-cent box at any drug store. Don't forget the children. They relish this Candy Cathartic and it is often all that is needed to drive a cold from their little systems.—Adv.

WOMAN'S BRANCH OF NAVY LEAGUE HAS 500 SIGNED

As a result of the membership committee's hard work in the last two weeks, the territorial chapter, Woman's Branch, Navy League of the United States, now has 200 more members than it possessed January 1.

Mrs. J. Morton Riggs, chairman of the membership committee, said today that the chapter now has a total of 500 members, 200 more than the number last announced. At a luncheon given a few days ago by the Outdoor Circle, 70 members were secured, and the committee members have been successful in obtaining many more.

Reports are yet to be received from Hawaii, and from various other places in the islands it is expected good results will be reported as soon as the weather clears up sufficiently to enable the committee members to resume their campaign.

The chapter hopes to secure 300 more names before it ceases its membership campaign.

VICTIM OF STABBING REMOVED TO HIS HOME AFTER HOSPITAL STAY

After remaining in the hospital for 21 days, Henry Carter, who received a gash in his abdomen on Christmas Eve as a result of a mixup in a stabbing affray, has been removed to his home. Though not able to resume his former work as a mechanic for the Inter-Island, he is nevertheless up and about.

On Christmas Eve, Carter was strolling past the Majestic Hotel on Fort and Beretania streets about midnight. An argument was started with Oscar Nelson and John Stuart, soldiers of the 2nd Infantry. In the brawl Carter was slashed from one side of his abdomen to the other, the cut being within one-eighth of an inch of the vital organs. He was placed in an automobile and removed to the hospital, where he remained for 21 days before it was considered safe to remove him to his home. He is a nephew of Mayor John C. Lane.

MONEY AND DOMINOES NECESSARY TO TALK OVER THIS ARTICLE

As an excuse for the gathering of 16 Chinese who were arrested yesterday afternoon on Likelihi street near Hotel the leader of the gang said they were "discussing an article in a Chinese newspaper."

RAINY DAY SALE

FOR
Wednesday Only

We have made "Rainy Day" Prices for Rainy Wednesday hoping to scare the elements into normal condition by the unusual reduction in prices from the former January Clearance Prices.
